Jordanian drug varieties are exported to more than 70 markets around the world, pointing out that the Jordan supports the pharmaceutical industries and encourages their development, which made it one of the leading countries in the field of drug manufacturing and a regional center for the pharmaceutical industries and medical supplies due to the continuous support of King Abdul Allah II.

The institution is proactive in keeping pace with the continuous developments in the field of drug manufacturing, as it is the first health and regulatory authority in the Middle East to introduce instructions for the registration of value-added developed drugs for the year 2018 to facilitate the process of registering developed drugs that are developed for the reference drug containing a known active substance, as well as the establishment of a research and consultation unit concerned with studying all consultations for the purposes of facilitating the recipients of the service.

DR. NIZAR MAHMOUD MUHAIDAT
DIRECTOR GENERAL
JORDAN FOOD AND DRUG ADMINISTRATION (JFDA)

The Jordanian efforts to host this important event and provide all facilities for holding the sixth international forum and exhibition, with the active participation of 200 companies from around the world that provide services and support to pharmaceutical factories and pharmaceutical manufacturing, to discuss the prospects and future of the value-added pharmaceutical industry in Arabic countries in an open, fast and competitive market.

Arab Union of Producers of Medicines and Medical Appliances is a joint Arab action organization emanating from the Council of Economic Unity Arabic has been working since its inception in 1986 by a decision of the Council of Arab Ministers of Health, to raise the level of the pharmaceutical industry Arabic through coordination between pharmaceutical factories in the Arab world, coordination between factories and regulatory bodies, encouraging and supporting joint projects, directions and research to reach Arab pharmaceutical security and provide safe and effective medicine at the lowest cost.

DR. ABDEL NASSER SEJARI
PRESIDENT
BOARD OF DIRECTORS OF AUPAM

OBJECTIVES

The Objective of organizing the ARAB PHARMA MANUFACTURERS' EXPO and PHARMA CONFERENCE is to disseminate the latest pharma manufacturing technologies to upgrade and upscale the local pharma manufacturing of the Arab nations in Middle East region to make available the most affordable medicines for all among the region.

- Sharing of risks and exploring economies of scale
- Access to technology
- Reduction of manufacturing costs and other over heads including expenditure on R&D (Research & Development)
- Bringing in Complimentary skills / resources
- Ensuring competitive advantage and to put all the stakeholder on one platform

14:35 - 14:50	VAM as a strategic choice	Dr. Safwa Al-Musa
14:50 - 15:05	USP Standards for Complex Generics: Current Status & Development Focus	Dr. Zakiya Al-Kurdi
15:05 - 15:25	Panel Discussion, and Q&A	
15:25 - 19:00	Lunch, Networking & Exhibition Visit	

SEMINAR AGENDA

DAY:2 - July 3, 2024

Time	Topic	Speaker
09:00 - 11:20	Session (3): Technical Development Framework Moderator: Dr. Amer Almalakh Panelists: Dr. Ayman Khatib , Dr. Razan Salota , Dr. Eyad Mallah, Dr .Waseem Al-Najmi, Dr. Chadi Khatib	
09:00 - 09:20	How to increase patient access to VAM for effective & affordable patient-centric innovations? - European and Polish experiences.	Dr. Marcin Czeck
09:20 - 09:40	VAM for Addressing Unmet Needs of Rare Disease	Dr. Shashi Kanth Muni
09:40 - 10:00	Bioequivalence Studies for Differentiated Generic Products	Dr. Chandrashekhar Mainde
10:00 - 10:15	Lipidic Nanoparticles in Nano-medicine: A Tale of Success	Dr. Walhan Al-Shaar
10:15 - 10:30	Revolutionizing Phytochemical Delivery: The Potential of Phytosomes as Advanced Delivery Systems	Dr. Talal AbuRjai
10:30 - 10:45	Value" in VAM: 505b(2) Evolution and Value contribution	Dr. Jaber Qasim
10:45 - 11:00	Clinical Development Consideration for VAM	Dr. Rabab Tayyem
11:00 - 11:20	Panel Discussion, and Q&A	
11:20 - 11:35	Coffee Break	
11:35 - 13:30	Session (4): Trends, Challenges & Opportunities of VAM Moderator: Dr. Abdo Mahli Panelists: Dr. Omer bin Jalol , Dr. Elwash , Dr. Almtairi, Dr. Hanan Sboul, Dr. Fadi Al-Atrash	
11:35 - 11:55	Current Status of VAM & Development of Formulation Technologies in Korea	Dr. Jaehwi Lee
11:55 - 12:10	The Patent Prescription: Safeguarding Your Pharma Formulations & Processes	Dr. Hazim Yacoub
12:10 - 12:25	Unlocking Innovation: Intellectual Property Strategies in VAM	Dr. Chadi Khatib
12:25 - 12:40	Intellectual Property Opportunities for VAM	Dr. Heba Zorar
12:40 - 12:55	AI-Enabled Drug Repurposing: A Key Component of VAM Strategy	Dr. Khalid Al-Kinani
12:55 - 13:10	VAM is a Trend or a Need in the Pharmaceutical Industry	Dr. Hakima Hoseh
13:10 - 13:30	Panel Discussion, and Q&A	
13:30 - 15:10	Session (5): Trends, Challenges & Opportunities of VAM Moderator: Dr. Khalid Kinani Panelists: Dr. Mohammad Al Sarraf, Dr. Ali Abbas , Dr. Zakiya Al kurdi, Dr. Rami Sabbarini	
13:30 - 13:50	Next Generation VAM: Innovative Cutting Edge Technologies in Drug Repositioning (including Natural Macromolecules)	Dr. Abd Al-Hakam Ranneh
13:50 - 14:05	Revolutionizing Healthcare - Super Generics Unleashing Business Potential	Dr Khaled Khraisat
14:05 - 14:20	Value-Based Pricing (VBP): Opportunities & Challenges, a Global Perspective	Dr. Sara Jalouqa
14:20 - 14:35	Pharmacovigilance Perspectives on Medicines with Added Safety Value	Dr. Jaber Jaber
14:35 - 14:50	Sources of Safety Information	Dr. Nahed Yaish
14:50 - 15:10	Panel Discussion, and Q&A	
15:10 - 15:40	Ask the experts: Open Discussion with Authorities & Experts	
15:40 - 19:00	Lunch, Networking & Exhibition Visit	

THE EXHIBITION

6th ARAB PHARMA MANUFACTURERS' EXPO 2024 had remained highly resourceful for all the exhibiting companies to expand and strengthen the business network with the pharma manufacturing professionals and buyers. The Exhibition facilitated valuable networking opportunities, opening doors for future collaborations and business partnerships in the dynamic Middle East market.

The Exhibition had remained the first preference choice of destination in the entire Middle East region for the pharma manufacturing professionals to meet 177 exhibiting companies from 19 countries showcasing complete spectrum of Pharma Processing & Packaging Machineries, Analytical & Biotech Eqpts, Active Pharma Ingredients (API), Utilities (CleanRoom and Water Treatment & Purification Eqpts), Project Consultants, Pharma Research Companies, Pharma Formulations & Cosmetics, Pharma Contract Manufacturers to expand their export trade.

THE ATTENDEES

The Trade Professionals from 34 countries had attended the Event - Exhibition and Pharma Conference.

The Event - Exhibition and Pharma Conference were attended by the top pharma professionals, Drug Regulatory Officials, Project Head, CEO, Managing Directors, General Managers, Manufacturing Plant Head of the pharma companies attended this Event. During their visit to the Exhibition, they had one to one meeting with all the Project Consultants and international suppliers from the entire Middle Est region.

During the Exhibition, the major attractions were B2B meetings among the Suppliers and local Business Associates, and B2C Meetings among the Technology Solution Providers and the End users / Byers, enabling the business networking for all.

More information about the Exhibition can be accessed from Website: www.ArabPharmaExpo.com OR Email: contact@ArabPharmaExpo.com

The humanitarian catastrophe in Gaza will end as soon as possible, and that everyone will have a role in the reconstruction of Gaza after the war, appreciating holding such important forums for the development of the Arab economy through the pharmaceutical industry, which plays a major role in the heart of the economy in general, stressing that the Council of Economic Unity Welcomes Arabic cooperation with the Union in developing this sector by all means. possible and to serve all countries Arabic.

MOHAMED MAHMOUD MISKA
THE REPRESENTATIVE OF THE COUNCIL OF ECONOMIC UNITY
ARABIC THE DIPLOMATIC ATTACHÉ

Need to encourage investment in the value-added pharmaceutical industry in Arabic countries, pointing out that the conference is an important opportunity to shed light on the manufacture of value-added medicines in Arabic countries.

DR. HAMOUDA ABBAS
ADVISOR TO THE IRAQI PRIME MINISTER FOR PHARMACEUTICAL
AFFAIRS

The importance of participation in the localization of the pharmaceutical industry at a regional level to overcome the limited market size in individual countries and work to coordinate manufacturing and registration requirements between Arabic countries to support investment in this sector, pointing to some challenges that need joint and intensive efforts to reach solutions that suit all parties, despite the remarkable achievements and developments during recent times. in the pharmaceutical sector in the region.

ISMAIL SHEHADEH
CEO OF TABUK COMPANY & THE
DIAMOND SPONSOR OF THE
CONFERENCE

I am very much impressed with ARAB PHARMA MANUFACTURERS' EXPO happening at Amman JORDAN, and we are exhibiting here since 6 years regularly. The future of the Arab Country pharma manufacturing is going up and that's why we are here at this Exhibition.!

JIGESH DANI
DIRECTOR MARKETING
MAHARSHI UDYOG

We must express our gratitude to the ARAB PHARMA MANUFACTURERS' EXPO for providing us with such an excellent business platform.

This exhibition is a pivotal event for our industry, facilitating the exchange of ideas and the introduction of the latest products. We have been participating every year for the past 3 years, and we are delighted to see that the response and footfalls have been increasing annually. We have established valuable business relationships with the pharmaceutical industry in Jordan and the Gulf countries.

Therefore, we are committed to continuous investment and eager to collaborate further to achieve new growth opportunities.

SIDDHANT GUPTA
CEO
GIRNAR GROUP-ANEETA INDIA

This marks Tofflon Science and Technology's second year exhibiting at the ARAB PHARMA MANUFACTURERS' EXPO. While we were happy to reconnect with existing clients at the ARAB PHARMA EXPO in 2024. While audience interactions were positive, and we received encouraging feedback on our offerings, attracting new visitors to the booth proved more challenging than anticipated.

The dynamism and growth potential of the Jordanian and Arab world's pharmaceutical manufacturing industry remain evident. We are committed to adapting our approach and capitalizing on future opportunities to contribute to this expanding market through this event.

FAKHAR ABBAS
MANAGER (MIDDLE EAST & AFRICA)

It was our first time and we loved it.!

The event – ARAB PHARMA MANUFACTURERS' EXPO 2024 at Jordan was a hub for networking, where you can meet potential clients, collaborators, and suppliers, helping to expand our professional connections and business opportunities.

Understanding and acceptance of our products / services are critical to our success, and we use a multi-faceted approach to gauge these aspects.

I would rate the pharma manufacturing industry in Jordan and the Arab world highly in terms of developments and expansions, with a positive outlook for continued growth and innovations. This region has emerged as a decisive player in the global pharmaceutical market, leveraging its strategic location, skilled workforce, and growing investment in healthcare. The region's commitment to innovation, regulatory improvements, and market expansion positions it well for future growth.

ADITI MISRA
BUSINESS DEVELOPMENT MANAGER
WAHREN INDIA PVT LTD

SSPM SYSTEMS & ENGINEERS PVT LTD is participating every year at ARAB PHARMA MANUFACTURERS' EXPO at Jordan. The show had quality visitors from the pharma manufacturing industry of Jordan and the Middle East countries. It is an opportunity to connect with all our customers and partners from the industry in one place.

JJ SHAH
CHAIRMAN & MANAGING DIRECTOR

This was our first participation in 2024 at the 6th ARAB PHARMA MANUFACTURERS' EXPO, Jordan exhibition. We believe this Exhibition has provided us the platform to connect with the Arab pharmaceutical manufacturing industry and explore the new opportunities to enhance our footprint in the Arab pharmaceutical markets.

During our interactions with the prospective buyers while giving an overview about our BFS / FFS machines at our booth, the solutions and services our company offers for pharmaceutical aseptic packaging for SVP (small volume Parenteral) and LVP (Large volume Parenteral) From Fill range of 0.5 ml to 3000 ml were well accepted and appreciated. Pharma manufacturing industry in and around Jordan - among the Middle East Asian countries - is well developed and has accrued expertise in GMP for manufacturing of pharmaceutical products.

SANJAY RAYU
STERIMAX INDIA PVT LTD

This was our first time exhibiting at the Arab Pharma Manufacturers' Expo 2024 in Jordan, which offered us a rewarding experience. There is a significant potential for growth and collaboration in this market. The pharma manufacturing industry is showing promising growth and potential for future expansion.

PUNIT PATEL, PARTNER
K SINGH GADRI, GENERAL MANAGER
ALMIN EXTRUSION

At ARAB PHARMA MANUFACTURERS' EXPO 2024, Jordan Exhibition, this was our first time exhibiting. We have experienced that the ARAB PHARMA MANUFACTURERS' EXPO exhibitions are an excellent platform to connect with different suppliers / distributors among the Arab world. The understanding and acceptance of our products has been positive and we opt to expand our business in the MENA region, as the pharma manufacturing industry of Jordan and the Arab world shows significant developments and expansions.
